

# A QUICK GUIDE TO CATONSVILLE CENTER FOR ALTERNATIVE STUDIES

I'M CHARACTER ED,  
AND I LOVE IT AT  
CCFAS. THERE A FEW  
THINGS THAT ARE  
DIFFERENT, BUT IT ALSO  
MAKES IT GREAT!

## COMFORT

CCFAS has very small class sizes with lots of support built in to help students achieve their academic goals.

Every day, we begin school at home base where students can meet each day with a member of our support staff and teachers to check in and talk about their needs.

## CALM

CCFAS has structures in place to keep hallways clear and students on task. Students must place phones into pouches during the day and will receive an escort when leaving class.

## FUN

We believe that learning happens in a lot of different ways. We regularly take trips to exciting locations to have fun by hiking, biking, and kayaking.

We also have a school store where students can use the points they earn on their point sheets to "buy" prizes!

## ACCOUNTABLE

Students come to CCFAS to learn additional skills so they can be successful in their comprehensive school.

To help with this, we provide point sheets for personal reflection, restorative practices for conflict resolution, and strategic interventions and supports

## SAFE

As previously mentioned, students do not have access to phones during class which reduces interpersonal conflict. Students are escorted in the halls during instruction. Students are not permitted to bring backpacks to school. A zippered binder is provided to all students for carrying their materials.
